languages

Native Spanish
Fluent English
Intermediate Chinese

programming

R/RStudio, Python,
MATLAB,
Unity, L^AT_EX, VS Code,
Website Dev., MS
Office

core skills

VR App Development,
Data Management,
Technical Writing,
Client Relations

summary

Multidisciplinary professional integrating **Cognitive Science**, **Data Engineering**, and **Software Development**. PhD Candidate at NCKU researching spatial transformation via viewpoint-contingent VR mental rotation experiments in Unity, with expertise in **R/Python** behavioral data analysis. Independently built a multilingual algorithmic trading platform and published MQL5 indicators; trilingual (Spanish/English/Chinese) with a proven record of cross-cultural technical communication.

education

- 2019– **Ph.D. Candidate in Mind Sciences** National Cheng Kung University (NCKU), Tainan
VR-based research on spatial transformation: how interactivity modulates mental rotation ability in viewpoint-contingent virtual environments.
- 2012–2015 **M.Sc. Experimental Psychology** National ChengChi University (NCCU), Taipei
Emphasis on Eye Movement Research and technical apparatus calibration.
- 2006–2011 **B.Sc. Psychology** National Colombian University, Bogotá
Majoring in Psychometrics and Statistical Analyses.
- 2018 / 2015 **Proficiency Certificates** TOEFL / TOCFL
English: 101/120 (High Proficiency). Chinese: Level 3 (Intermediate).

experience (Part I)

- 08/25–04/26 **Live On Language CramSchool, Kaohsiung** English Teacher
Instructional delivery for diverse age groups; technical explanation of language structures.
- 02/25–08/25 **Sundex, Kaohsiung** Int. Sales Representative & Customer Support
Managed international accounts, coordinated order handling and delivery per client specifications.
- 09/18–02/24 **Cambridge Language School, Tainan** Spanish and English Teacher
Cross-cultural communication and linguistic training for Spanish and English learners.
- 05/20–02/24 **AMC Group** Online English Tutor
Virtual English tutoring for various proficiency levels.
- 10/21–02/22 **American Eagle School, Tainan** Part-time English Teacher
Assessment and instructional delivery at beginner level.
- 04/16–12/18 **ICFES, Bogotá** Data Manager
Developed algorithms for automated item data management of national standardized tests.
- 10/15–04/16 **American Eagle School, Taoyuan** English Teacher
Foundational English instruction.

experience (Part II)

01/15–09/15	Trend Micro, Research Department, Taipei Algorithm development for SPAM identification.	Research Intern
09/12–07/15	National ChengChi University, Taipei Eye Movement and Reading Laboratory experiments.	Research Assistant
11/11–04/12	National Colombian University, Bogotá Statistical analyses on prisoner data for risk profile generation.	Psychometrician
09/11–05/12	Antonio Nariño University, Bogotá Statistical analyses on faculty and student data for institutional audits.	Research Assistant
03–08/11	National Colombian University, Bogotá Document validation in a national recruitment process.	Auditor

applications and websites

2025	Apex Fintech Interface development for financial services. apexfintech.net	Taiwan
2026	Flight 101 Multilingual site for Japanese premium stationery. wi-cruz.m.workers.dev	Japanese Premium Stationery
2024–	Corporate WW Multilingual (EN/ES/JA/ZH-TW) financial platform; economic calendar, market analysis, algorithmic content. Hugo and R.	Algorithmic Trading Platform
2024	Market Shift & FVG MetaTrader 5 indicator for market structure and fair value gap detection. mql5.com	MQL5 Market
